* How can I control or delete cookies?

Most internet browsers are initially set up to automatically accept cookies. You can change the settings to block cookies or to alert you when cookies are being sent to your device. There are a number of ways to manage cookies. Please refer to your browser instructions or help screen to learn more about how to adjust or modify your browser settings.

Additional notes:

- Within this site, we do not display personalized advertising based on our own or 3rd party cookies from other providers.
- No Personal data nor geolocation is used on our site to display personal advertising or personalized content
- Our website uses "share" buttons such as LinkedIn, Twitter, etc. where the visitor voluntarily can share content – such as Atos press releases to his/her own social media account. This sharing of social media channels occurs specifically at the site visitors request and does not occur automatically.
